It has all come down to this. It all kicked off in February with nominations. For much of March, we asked you to vote on the finalists, and here we are: the Best Of Worcester for 2019. We hesitate to call it Worcester Magazine's Best Of, because, really, you made the call.

You nominated the finalists, then you picked the winners, roughly 160 of them. Some won in multiple categories.

You'll have to flip through the pages (or scroll down your computer or cell phone) to find out who's the best, but there are a few surprises, some new faces, shall we say.

There were even some upsets. Without further ado, here are your picks for the Best Of Worcester.
